Re: Letter of Recommendation

To Whom It May Concern:

I am writing to recommend the carpet cleaning services of First Coast Chem-Dry. Our agency has been using First Cost Chem-Dry to clean our offices for the past two years and have always been completely satisfied. Erik and his team do an excellent job, are always punctual, and offer competitive rates.

We have also hired them to clean our satellite offices 30 miles away from downtown and the same great service has been experienced.

They have been reasonably priced, are extremely thorough, and always do exactly what we ask of them.

I'm happy to recommend the services of First Coast Chem-Dry. If you have any questions, feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Kenneth Barton".
